DEGREE & DIPLOMA COURSES OFFERED IN CANADA

KCC will custom design a 'Study to transfer to Canada' pathway for interested students after passing out from school. The journey begins at KCC, with an enrollment into a Bachelors or Masters program. After 1 year, successful students shall transfer and finish their degree / diploma programs with one of our partner colleges.

The 'Study to transfer to Canada' pathway encompasses:

IN PURSUIT OF EXCELLENCE

Shaping students to be job ready for the real world

Follows international education standards & learning curriculum

Highly qualified & experienced faculty

Separate hostel facility for boys & girls

IELTS coaching & French learning

State of the art language lab

Bank loan available

Scholarships & Financial aid

Assured work placements

Programs offered in Canada

Medical & Health Care

- Nursing
- Opticianry
- Practical Nursing
- Health Care Facilities
- Palliative Care
- Medical Secretary
- Medical Laboratory Technician
- Medical Office Administration
- Physiotherapist
- Occupational Therapy
- Food & Health Nutritionist
- Health Care Aide
- Veterinary Technician
- Veterinary Assistant

Pharmaceutical Technology

- Pharmaceutical Manufacturing
- Cannabis Production
- Cannabis Quality Control
- Research & Development
- Regulatory Affairs
- Pharmaceutical Quality Control
- Pharmacy Technical Assistance

Business Administration & Commerce

- Business Management
- Business Analytics
- Actuarial Sciences
- Secretarial Studies
- Paralegal Technology
- Accounting Studies
- Accounting Management
- Professional Sales
- Real Estate Broker
- Import & Export
- Canadian Immigration Consultant
- Operations Management
- Project Management
- Entrepreneurship

Locomotion Technology

- Automotive Technician (Petrol)
- Automotive Technician (Diesel)
- Sales of Spare Parts & Accessories
- Aviation Technology
- Airline Pilot Flight Operations

Engineering Technologies

- Renewable Energy
- Manufacturing Engineering

Leadership

Leadership and Character Development at Kodaikanal Christian College

The motto of Kodaikanal Christian College is "Born to Lead." Learning to be a leader is at the heart of everything we do at KCC. We truly believe that every one of our students has a God-given purpose for his or her life. Learning to be an effective leader plays a crucial role in fulfilling that purpose.

This core message – that every student is called to be a leader – is reinforced every day through a multitude of activities. From our College Anthem and inspirational talks given by faculty and students at Morning Assembly to classroom activities that encourage independent, creative thinking, KCC actively seeks to foster an environment that emphasizes leadership development. From student-directed conferences, festivals, and plays to social outreach projects in which students work to improve the lives of local villagers, KCC actively works to give students opportunities to put their developing leadership skills into practice.

But even with all of these efforts to impart and encourage leadership skills in the lives of our students, we realize that leadership is more

"caught" than taught. If our lives – the lives of the administration and the faculty – do not clearly and consistently model a life of leadership, then all of our efforts will be in vain.

Leadership has been defined as the ability to influence others without the use of force or coercion. A true leader is someone who others follow, not because they have to, but because they want to. True leadership starts with Godly character. A person can have Godly character without being a leader, but no one will ever be a true leader without developing Godly character.

For this reason, KCC requires all faculty, staff, and students to uphold the highest moral standards. These standards include honesty, integrity, trustworthiness, and self-discipline. The development of these character traits will put our students firmly on the path to becoming true leaders – men and women who others want to follow. As these character traits and leadership skills are developed and honed at KCC, our students steadily learn that they are truly "Born to Lead."

Employability Competency Based Education

The competency-based education (CBE) approach allows students to advance based on their ability to master a skill or competency at their own pace regardless of environment. This method is tailored to meet different learning abilities and can lead to more efficient student outcomes.

Transitioning away from face to face time, in favour of a structure that creates flexibility, these strategies include online and blended learning, dual enrolment and early college high schools, project-based and community-based learning, and credit transfer & recovery, etc.

COMPETENCIES

Type I – Dealing with People

- Establishing Focus
- Providing Motivational Support
- Fostering Teamwork
- Empowering Others
- Managing Change
- Developing Others
- Managing Performance
- Attention to Communication
- Oral & Written Communication
- Persuasive Communication
- Interpersonal Awareness
- Influencing Others
- Customer Orientation

Type II – Dealing with Business

- Diagnostic Information Gathering
- Analytical Thinking
- Forward Thinking
- Conceptual Thinking
- Strategic Thinking
- Technical Expertise
- Initiative
- Entrepreneurial Orientation
- Fostering Innovation
- Results Orientation
- Decisiveness

Type III – Self Management

- Self Confidence
- Stress Management
- Personal Credibility

By enabling students to master skills required for employability, competency-based learning systems help to develop skills based on individual need. Depending on the strategy pursued, competency-based systems also create multiple pathways to graduation, make better use of technology, support new staffing patterns that utilize teacher skills and interests differently, help identify opportunities to target interventions to meet the specific learning needs of students and significantly enhance graduate employability.

English Language Proficiency

IELTSTM
English for International Opportunity

English has become the global language for academics, science & technology, medicine, and all aspects of international business, commerce, and finance. In today's high-pressure, global environment, English proficiency is no longer a luxury; it is a workplace necessity.

At Kodaikanal Christian College, we take English proficiency very seriously. English is the official campus language throughout KCC, and all courses are taught exclusively in English. We know that our students need more than just skills proficiency; they must be able to communicate with clarity and confidence. And we are committed to helping every student do exactly that.

But our commitment to improving our students' English language skills does not stop with technology. We realize that students need mentoring and motivation in order for the

technology to reach its full potential. For this reason, KCC also has a full-time Professor of Spoken English. Professor Anitha Sekhar is dedicated to ensuring that every student has the resources and the instruction needed to flourish as they develop their English language skills. She owned a global travel agency for many years and has firsthand knowledge of the increased opportunities available to those who speak English fluently. Prof. Anitha is a graduate of the U.S. accredited BridgeTEFL, USA. She is certified in teaching English Grammar and holds the Master Certificate in Teaching English as a Foreign Language.

Through this combination of cutting-edge technology and personal English instruction, KCC ensures that our students will have the best possible opportunity to prepare themselves for the global workplace.

Smart E-learning

That is why KCC has partnered with LanguaMetrics, Inc., based in the United States. LanguaMetrics is an educational technology company pioneering advanced programs to help people around the world speak English fluently. Using an advanced form of speech recognition, LanguaMetrics is able to analyze a student's speech by comparing it to a native English speaker, and then give immediate feedback to help the student improve.

KCC is proud to be the first and only college or university in India to offer the LanguaMetrics program. Through the use of this cutting-edge technology, each of our students has 24x7 access to a personalized English tutor that fits in the palm of his or her hand.

Internships In UAE

The first thing anyone would ask when presented with the idea of choosing UAE for internship would be, what's so special about it? The answer is not as simple as it seems. To truly understand the charm of this Middle Eastern gem, you have to understand the dynamics of this magnificent country. Unlike Europe, UAE in particular Dubai, has a global feel to it in the truest sense of the word

1. Experience REAL LIFE Works

In UAE, you can expect to get super busy with work. Being the hub of activity for the region keeps Dubai under the spotlight all the time. Here days are too short to get all the work completed.

2. From City of Malls to the Sand Dunes

Seriously, where else in the world would you get a world-class retail brands, business & trade hubs, open culture and diverse ethnicities

3. Learn well and Earn too

A recent report studying 1500 interns responses regarding entry level careers in the UAE has found that 40 per cent of UAE graduates are taking unpaid positions in order to secure experience and gain new skills. The remaining 60% receive average monthly payouts of Dh3,000 for SMEs and Dh4,000 for MNCs.

4. Ease Loving & Friendly People

People here are friendly and accepting of other nationalities and beliefs. Rest assured, you will not be judged in UAE for your different accent. Just like any of the western countries, you can get almost everything delivered to your doorstep – everything is just a click away.

5. Equal Work Opportunity

The UAE puts great emphasis on gender equality. Women have a really good chance of success here as compared to its neighboring countries. Cities like Dubai and Abu Dhabi are on the forefront of gender diversity in the region. This makes UAE an interesting location for female interns with lots of opportunities for exposure and great chances of growth if hired.

6. Chivalry is Very Much Alive

A culture shock can come in many ways. Women are treated with the utmost respect. Don't be surprised if any of your male colleagues go out of their way to assist you. This is just the way they treat ladies in their culture.

7. Treat Your Taste Buds

Every city of the UAE offers something unique in terms of gastronomic journey. From Michelin star celebrity restaurants to roadside food stalls offering delicacies from all around the world, there is nothing you won't find to munch on during summer internships in Dubai or Abu Dhabi.

8. Labor Laws that work for you

UAE places a lot of importance on labor laws. An intern has the same rights as a full-time employee does. The Ministry of Human Resources and Emiratisation (MoHRE) has developed these labor

laws to prevent workers from being misused or abused in the name of work. Each state has its own set of rules so be sure to check that out before you start working.

9. Something for every Lifestyle

Whether you're a workaholic, a party animal, an introvert, or a nature-loving soul, you will be at home during summer internships in Dubai for students. It offers a fast-paced life with a truly work hard play hard lifestyle. The capital city of UAE, Abu Dhabi offers the best of both worlds, with good job opportunities, a fun lifestyle with a relatively relaxed atmosphere. Whereas, Emirates like Ajman, Sharjah, Ras Al Khaimah, Fujairah and Um Al Quwain offer a much laid-back and peaceful atmosphere. You are most likely to run into more locals here than in Dubai or Abu Dhabi.

10. Work Experience that makes you Fearless!

They say if you want to grow, surround yourself with giants. UAE is a marvel in itself. It is only when you go there and experience it first-hand how the Sheikhs have turned this desert upside down will you realize the true meaning of imagination and achieving. When you stay in a place like this, surrounded by such hustlers, you are bound to grow in ways you never imagined during summer internships in Dubai. This is the place that can steer you to IMAGINE BIG, IMAGINE IMPOSSIBLE.

WHO COULD HIRE YOU in UAE?

* Our advisors will assist you and work with our partners to secure an internship. However, internships cannot be guaranteed and is dependable on the job market, candidates profile, etc.

Hostel & Accommodation

Our guiding principle:

Ensure a secure, comfortable and pleasant stay, and to create an environment, which is conducive to your learning, development & progress.

Hostel provides three types of accommodation

Super Deluxe Rooms: 2 students in one room with attached bathroom. Hostel will provide a cot, a mattress, one set of bed sheet and a pillow cover, a study table, a chair and a water cooler and TV room.

Deluxe Rooms: 4-6 students in one room with bunk beds, study table and cupboards.

Standard Rooms: 10 students sharing the rooms with bunkbeds and study areas and cupboards

All rooms are spacious, clean and well maintained.

Facilities

Housekeeping Services:

Each hostel has its own designated housekeeping staff. The housekeeping staff will clean your rooms every day at designated time.

Laundry rooms:

The hostel provide automatic washing machine and dryer operated by an attendant. Students can avail this facility on payment.

Security:

Each hostel is covered by trained security staff 24/7. There are also hotline number that can be contacted in times of emergency.

Residential Suite:

All the residential halls contain bedrooms with ensuite bathrooms. Well ventilated and spacious, each room comes with adequate lighting facilities.

Furniture:

The residential suites are well furnished to fit the needs of students. Each suite comes with a cot, bed, cupboard for storage, tables and chairs.

Food

As the college has local and international students, the menu is placed as a mix of both Indian, Chinese and continental. Emphasis is laid on hygiene, quality and the cleanliness of the food prepared in the hostel's own kitchen by skilled cooks.

The dining package includes breakfast, lunch, evening snacks and dinner.

- Vegetarian
- Non -veg
- Silver Jubilee Mess:

Breakfast: Milk tea coffee bread butter jam, One Main Dish (parathas, Pastas, Chole Bhature, PooriBaji, Poha , Idli/Vada/Dosa and Sambar) cereal, Fruit and an egg preparation.

Lunch and dinner: Both have a preparation of rice, dal, varieties of cooked vegetables, soups, a curd-based preparation, roti/ paratha/poori salad, pickle and sweet dish or Punjabi or Chinese based layouts.

Evening snacks: Tea, coffee and one snack (Bhel puri, samosa, Pastas, sandwiches, burgers, Pav Bhaji etc.)

Leisure & Entertainment

KCC Café is among the favorite gathering places for students on campus. This Café offers a relaxed setting to meet friends between classes or in the early evening.

The menu includes a wide variety of sandwiches, juices, coffee, teas and pastries at reasonable prices. It's a great place to take a break and tune into an eclectic range of music, table tennis, pool, foosball table, board games like Carroms, Chess, Scrabble etc.

With 2 large flat screens, the cafe is known for its movie nights (English, Hindi, Tamil) and live telecast of cricket and football matches.

Sports Facilities

Sports play a pivotal role in shaping one's personality and maintaining good health. In Kodaikanal College, we have 13 acres of specially developed sports environment that matches global standards and gives a truly global experience to all our students. All of which is provided to them on the campus.

Every student is encouraged to take active part in at least one outdoor activity, so that they are engaged and physically fit. KCC frequently takes part and organizes inter-college sports tournaments to develop a spirit of healthy competition.

Students recreation and sporting needs are currently met on the KCC campus for:

- Football • Cricket • Basketball • Volleyball
- Badminton • Squash • Kabaddi • Hardball • Throwball
- Outdoor Gym – with cardio and strength training equipment
- Cycling • Trekking • Lawn Bowling

Sport day at KCC is akin to Sports festival held on Mount Adonai every year. Every year, intramural competitions such as Volley Ball, Basket Ball, Badminton, Cricket, Foot Ball, Throw Ball, Table Tennis, Chess, Racquetball and Carom competitions are conducted before the Sports Day for both male and female students and also for faculty members. Students are divided into Houses and the Department hosts inter-house competitions to enhance competitiveness among students.
